

# HWE-139

ENT ELECTRIC CHAIR

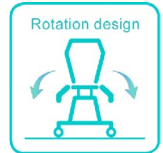

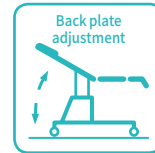

Healthward<sup>™</sup>

Healthier  
your life

# HWE-139

## FEATURES AND HIGHLIGHTS

### Technical parameters

▪ Size (LxWxH):	765×635×1220/1420mm±2cm
▪ Height adjustment range:	200m (±2cm)
▪ Seat height from the ground:	530mm
▪ Back-rest adjustment:	0-85°
▪ loading capacity:	135kg
▪ N.W:	123kg

### Optional color (MOQ100pcs- color changing)

### Accessories

#### Electric function

The two-motor control system is reliable and durable. With CE certificate. Lifting is stable and quiet, no displacement deviation

#### Hand controller

All functions can be controlled by the buttons on both sides of the chair and the foot switch. Height adjustment and back-rest can be adjusted easily.

# QUALITY CONTROL

SAIKANG medical, as a pioneer in the field of medical furniture, always choose branded suppliers strictly to ensure the safety and reliability of raw material. SAIKANG adopt robot welding, automatic epoxy coating, efficient assembly line, dedicated operator, rigorous quality control, only to guarantee SAIKANG's commitment on quality

## Design

The electric chair, adopted 4 sections ergonomics design, is used for main body inspection or as auxiliary equipment of diagnosis and treatment equipment. Its humanized structure enables the patient with limited mobility to sit comfortably during the examination process and effectively cooperate with the doctor for examination from different directions.

## Welding

Panasonic Robotic ensure 360° full smooth welding

## Plastic | Painting

11 Process epoxy painting, ASTM testing anti-bacterial, paint thickness 0.12mm, brightness 60°, paint can resist 50kg impact. It's eco-friendly, economical and durable.

## Plastic parts | accessories

The base is made of heavy-duty cast steel, which is stable. The outer cover is integrally formed with high-quality ABS plastic.

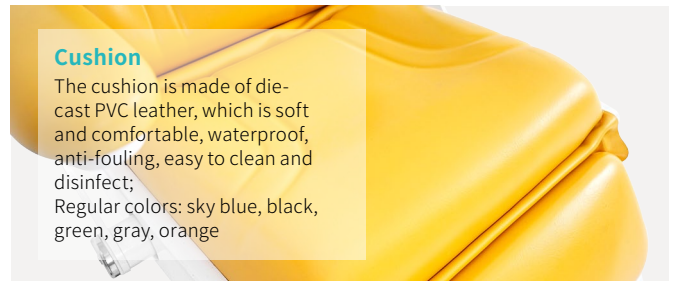

## Headrest

The head frame can be adjusted up and down by 150mm and front and back by 100mm.

## Cushion

The cushion is made of die-cast PVC leather, which is soft and comfortable, waterproof, anti-fouling, easy to clean and disinfect; Regular colors: sky blue, black, green, gray, orange

## Lowest position

The lowest position is 530mm, which is convenient for patients to sit

## Rotation design

The 340° rotation design of the chair complies with electrical safety standards and also satisfies the users. The doctor can lock the seat at any angle by stepping the pedal, while keeping hands sanitized.

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.  
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
