your life

# HWE034

## FEATURES AND HIGHLIGHTS

### Technical parameters

▪ Product dimensions	1950x680x930mm
▪ Height of seat	41cm
▪ Load capacity	150kg

#### Design

The overall design is minimalistic, ergonomic back design, fit for the spine, comfortable leaning, not feel tired after long sitting.

#### Cushion filling

It is made of high quality cold rolled steel plate by stamping and welding. The thickness of steel plate is 0.8cm and the bearing capacity is 150kg. Punching and breathable design, bring more comfortable feeling.

#### Surface material

The soft cushion surface adopts high quality PU fabric, environmental protection, no odor, high wear resistance; The 2cm thick high resilient sponge, even more durable and comfortable to sit on.

#### Chair frame and armrest

The chair frame and armrest are made of high quality bright pipe through bending and welding, and the thickness of the pipe is up to 1.5mm.

#### Surface treatment

The surface is treated with electrostatic spray, which is environmentally friendly and pollution-free and is not toxic to human body.

#### Foot mat design

Add rubber anti-slip foot mat, anti-slip wear resistant, protect the floor, reduce noise.

#### IV stand

Stainless steel infusion stand, detachable design, convenient and quick, can move freely during infusion process; Screw adjusting up and down height, symmetrical hook design, strong bearing capacity. Adjustment distance: 100-135cm.

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.  
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
