

# HWE910

## PEDIATRIC INFUSION CHAIR

# HWE910

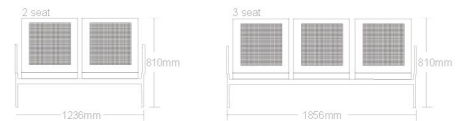

## FEATURES AND HIGHLIGHTS

**Design:** Cartoon-style design, tailored to childrens' psychological needs. This can help children relax and better receive the treatment. The independent seat design helps to avoid overcrowding and prevent cross-infection.

**Material:** Use European E0 grade standard particleboard, made by a top domestic manufacturer "Furen". It has a static bending strength of 13.7MPa, moisture content of 6.8%, density of 0.67g/cm<sup>3</sup>, and formaldehyde emission of 0.047mg/m<sup>3</sup>. It is durable, sturdy, and environmentally friendly.

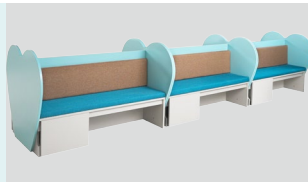

### Technical parameters

- Overall Dimensions 1236×900×810cm
- Seat Size (LxW) 1180×350mm

#### Veneer

The board is covered with "Xiate" decorative paper, which is wear-resistant and not easy to change color. The surface is smooth and glossy, with a good overall effect.

#### Edge

Use high-quality solid wood particle board as the base and PVC as edges. "Lisheng" hot melt glue is used to press the edges at a high temperature of 200°C to prevent moisture from penetrating. The beveled edge is sealed with high-quality kraft paper.

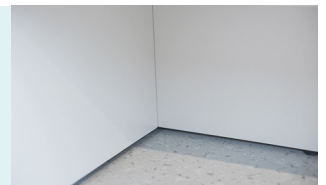

#### Upholstery

The fabric has a dry rubbing resistance level of 4 or higher, anti-static and anti-slip. The seat cushion is made of high-resilience sponge, which is comfortable for long-time sitting.

#### Chair leg

L-shaped chair leg design, stable and strong load-bearing.

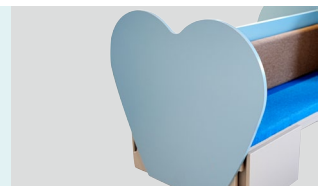

#### Seat

The drawer-style stool has storage function, which saves space for parents to accompany better.

#### Side board

Heart-shaped side plate adds a touch of playfulness, helping pediatric patients relax for easier treatment.

#### Corner

Rounded corners to prevent collision and accidental injury.

#### Seat

Large seating area provides enough space for family accompany and toys.

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.  
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
