Design

Manual recliner with four sections (back, hip, leg, foot), ergonomic design, ideal for dialysis, blood collection, respiratory and cardiac care, and adapts to patient needs.

Mechanical Function

Pneumatic adjustment of the backrest, three modes: sitting, semi-lying, lying; footrest is completely hidden when the chair is in the sitting mode, to prevent bumps and falls.

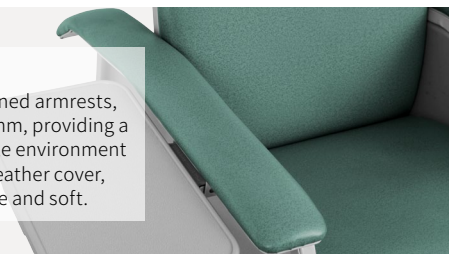

Surface material

Using shaped foam sponge, the thickness is up to 130mm, 1.2mm PU leather cover, fire retardant, handmade finishing; sturdy steel frame for easy cleaning and maintenance. Option color: red/ green/ blue.

Armrest

Ergonomically widened armrests, with a width of 115mm, providing a safe and comfortable environment for the patient; PU leather cover, which is comfortable and soft.

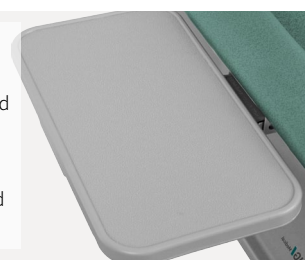

Caster

5-inch caster with brake, easy to drive, the loading capacity up to 113kg.

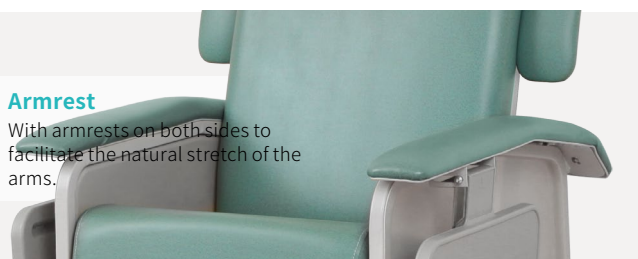

Tray

The tray adopts the pull-out installation, and has anti-slip raised edges to prevent teacups and tableware from slipping out; trays on both sides, increased capacity of items to place, easier to pick and place items.

Armrest

With armrests on both sides to facilitate the natural stretch of the arms.

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
