HWR-R06

FEATURES AND HIGHLIGHTS

Product Introduction

The adjustable fixed base can perfectly match monitors of various sizes and is suitable for data monitoring in various clinical working environments.

Technical Parameters

- Dimensions W×H 510×1000mm

- Storage frame size L×W×H 290×150×170mm

- Overall weight 7.3kg

- Caster design 3 inch medical grade silent wheel, pedal brake

Optional Accessories

- Work surface

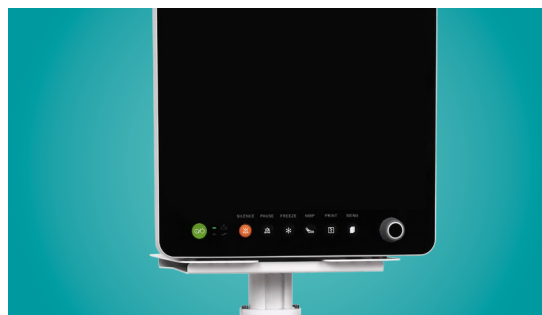

Material

The table top and column are made of aviation-grade aluminum alloy, the base is made of one-time molding all-cast aluminum material, the whole car adopts high-voltage electrostatic spraying process, and imported environmentally friendly antibacterial plastic powder is used to ensure that the product meets the medical and health requirements, and the surface is matte and non-dazzling.

Table Top

The table can be translated to both sides and has long screw fixing holes, which can be applied to monitors of various brands and sizes.

Basket

With a height-adjustable storage basket for various measurement accessories required by the monitor.

Column

The column is equipped with a manual lifting function, which is easy to rise and fall, and can be quickly adjusted to a suitable height and locked with a knob.

Chassis

All-metal chassis, one-time cast aluminum molding, to ensure the center of gravity and level of the vehicle.

Casters

3-inch medical-grade silent wheels, all with brakes, are flexible and durable after tens of thousands of kilometers of long-term durability tests.

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
