your life

# HWE244

## FEATURES AND HIGHLIGHTS

### Technical parameters

▪ Overall dimension (LxWxH)	400×500×(700-760) mm	▪ Net weight	2.7 kg
▪ Folding size	510×70×730 mm	▪ Packing size	810×430×550 mm

**Design**

Specially designed for the elderly and people with walking difficulties. It is ergonomic, safe, practical and comfortable.

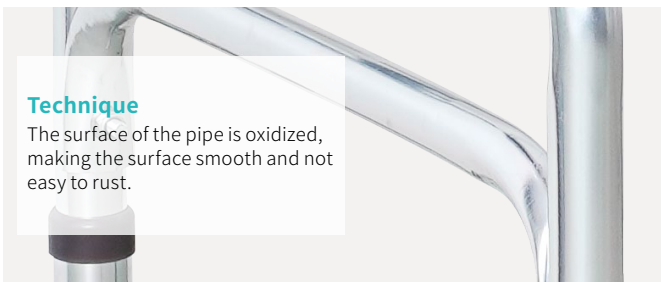

**Material**

Aluminum alloy frame, large frame tube diameter 25mm, tube wall thickness 1.2mm, good safety performance and long service life. The maximum carrying capacity is 110kg

**Technique**

The surface of the pipe is oxidized, making the surface smooth and not easy to rust.

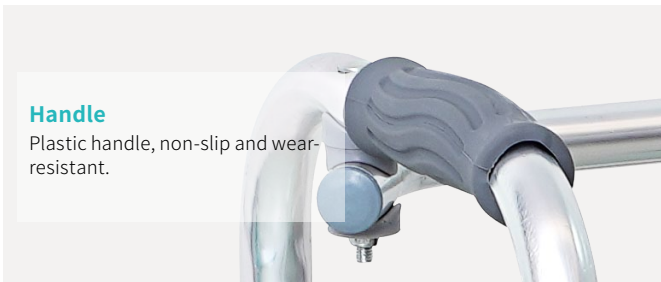

**Height adjustment**

6 levels of height adjustment, adaptable to people of different heights.

**Handle**

Plastic handle, non-slip and wear-resistant.

**Foot pad**

The bottom is covered with anti-slip rubber feet with good elasticity and high wear resistance, and metal gaskets inside.

**Crossbeam**

Reinforced beam design to increase bearing capacity.

**Folding function**

One-touch folding, easy storage, does not take up space, and easy and convenient opening and closing operation.

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.  
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
